

## GRADUATES™ Kiddy Cutlery™ Utensil Set from Gerber

*Making it simple and fun for older toddlers to eat like big kids!*

---

### FACT SHEET

GRADUATES Kiddy Cutlery™ Utensil Set from Gerber gives moms what they want by letting their toddlers feel more grown up while learning adult table manners. A Kiddy Cutlery set includes a dishwasher-safe fork, spoon and beginner knife all with soft plastic handles and stainless steel tips. The longer handles bring older toddlers one step closer to regular utensils – making toddlers feel like big kids. These utensils are safe and fit the needs of toddlers learning how to self-feed. The fork easily spears foods and the spoon bowl is deeper than adult spoons for easier scooping. Furthermore, the non-serrated knife helps toddlers safely practice spreading and cutting. The Kiddy Cutlery Utensil Set comes in the fun colors: red, green and blue.

The GRADUATES Kiddy Cutlery Utensil Set is a combination of innovative and safe products that will set the table for simple and fun eating for toddlers at mealtime. The Kiddy Cutlery Utensil Set is designed to make it easier for toddlers to transition to adult utensils.
