

Toddler on the go

Follow the leader

Make funny faces or quack like a duck and flap your arms. Your baby learns from copying your movements and sounds.

Take a cruise

Place pieces of furniture close together so she can cruise from one place to another. While she's cruising, hold your arms out and call her to you—but be there to catch her if she loses her balance.

Toys to consider

Toys to try that encourage imagination and activity:

- Lift-out puzzles.
- Digging toys.
- Cars, trucks, trains.
- Board books.
- Shape sorters.
- Crayons.
- Dolls.
