

All Gerber® Good Start® milk-based formulas have small and easy-to-digest Comfort Proteins®.

So many formulas,
so little time.

All routine infant formulas provide complete nutrition, but the difference is the type of protein we use. Only Gerber® formulas have Comfort Proteins®.

What are
Comfort Proteins®?

Great question, mama!

Comfort Proteins® are small, easy-to-digest 100% whey proteins that are partially broken using a unique process.

That's why we took the extra step to create them!

What makes them so special?
